SNAPSHOTS FROM MCY

## WHEN VISION COMES TO REALITY

---

We opened the year in Düsseldorf with the unveil of the new MCY 70, a spark of light in the yachting sector. Just three months later a second yacht was introduced to the market: the new MCY 66, the smallest of our Collection with the heart of a megayacht.

As it is said, good news come in three and now it's time for the birth of the new MCY 76. Stay tuned, an exclusive event is coming!

### 01 | UNDER THE SPOTLIGHT

#### **MCY 66: making room for light**

The main feature of the yacht is the increased natural light, which reflecting on the glossy surfaces, emphasizes the wider interior areas.

The innovative design allows for closer interactions between internal and external spaces to be enjoyed by the owner.

MCY 66 has been confirmed best in class for the dimensions and customizable layout of its Flybridge. Look at the video to discover the bright world of MCY 66!

### **MCY 70: a clear vision**

The evolution of MCY 70 displays over a decade of design and manufacturing that continues to embrace the company's core values. While the enlarged windows allow for brighter interior volumes, the wider symbolic porthole ensures the iconic elements of the brand. Come on board and enjoy it!
