02 | AROUND THE WORLD THE WORLD

American lifestyle

We are extremely pleased to share with you some shoots of MCY 66, MCY 70 and MCY 76 framed by the suggestive skyline of Miami.

Whatever the reason, creativity is one of the great hallmarks of Miami. From art to design, the city is constantly on the search for bold new ideas. On the other side, instead, Monte Carlo Yachts is driven by the philosophy of designing and manufacturing timeless elegant yachts that are as unique as its owners. Thus, Miami represents the perfect location where to display the MCY Collection!
